Next Meeting: Apr 1<sup>st</sup>, 2013

The Meeting was called to order by the President, Capt Billy, who arrived in a flash '53 Chevy powered Mercury.

Others in attendance were the vice president who was seen doodling on the back of an old unemployment form and the secretary who was reading a Chevy brochure. A note Paul and his pool room familiar sent from Buggie's Pool Room and Pub indicated we were \$124,748.44 in the red and that he was resigning his position as treasurer. We, of course, wish him well. Louie and Mary Lou were in attendance and announced that he had his brain transplanted with one from a Democrat. He will no longer vote NO on everything. We, of course, wish them well. Terry and Viicckii were not present. But we heard that he had installed Jerry's Mitsubishi pickup motor in his lowered, chopped, channeled and sectioned Merc. Jerry was adding a new fuel infected motor for this year's trip to Edmonds. Also he upped his coverage at AAA. Steve showed up and disclosed that due to the high gas prices, he had to raise the price of the "double nickel" to four bucks. We, of course, wish them all well.

Under used business, Greg reported that 42 club members flew in to the Alice Spring's Swap Meet and were treated to shrimp on the barbie by the Secretary with whom Paul had entrusted the club's check book. A good time was had by all. Harry was last seen after the show, packed up and headed towards the warmer climes of Queensland to join Iphigenia in Cairns. Procrastination Dept: A vote to consider a discussion regarding ruminating the possibility of a yet to be determined audit of the club's disharmonious bank account was tabled until a later assembly.

Under rainy business, Greg reported that he has bought a new bus and will take us all to the Florida Keys this next winter to eliminate this problem. And due to the price of gas, all future meetings will be via video conferencing.

Under "good of the order" Jerry announced he has painted his Brand X with its 45<sup>th</sup> coat of black primer. We, of course, wish him well. In the 50/50 the \$3.27 was split by the officers and used to buy chrome plated carburetor doilies.

For Sale: Bill sold his marine motor to Jerry who put it in his Mitsubishi pickup and went fishing. Bill is also selling his louvers, hood not included.

Your Secretary, Harry the yank (ing your chain)

Flash: Next month's 50/50 will have a real surprise. Acme Cyanotic should deliver Elvis on 31 May.
