## May of Twenty Fourteen News Stuffs

The May First Anarchists group included Harry, Ralph, Christina, Jerry and Linda, Phil and Louie and Mary Lou. Our guest, Ms. Hood, was also our youngest member who usually has to be in bed by this time.

Ralph was back from selling computer to Yugobanistan and took swift command as the Capt was out on his fish murdering spree.

Also the Treasurer and his sweetie are once again off on holiday, scheduled to return in time for the pig out. Well, isn't that convenient?

Old Owee Dept: Wayne reported to Virginia Mason on the 21<sup>st</sup> for surgery. Things went capitally, parts were swapped about and except for having more stitching than Dr. Frankenfurter's creation, he looks splendid. I popped in on the way to the meeting and he was already having garage distress, having been told by the nurses not to play with his little Willy for at least a fortnight or two.

Terry came home Saturday last and Jerry helped him set up a hospital bed. Terry is currently drag racing his "on loan" electric wheel chair throughout the house. The '87 Vette will try to hit the Swap meet.

Old, wet and slightly moldy Dept: I saw Jerry and Linda at the Mt. Vernon swap meet, looking wet, muddy and ready to sell the entire stand for 500 bucks. Tell me again why we do this. Reminds me of the Sat car show where we said the same thing but only after the hail.

Meanwhile, Terry and Viccikki are doing photography, golf, stained glass, and quilting in the Arizona sun, no mud to be found. Phuttttt!

New and chance of sun Dept: Monroe swap meet is the 17<sup>th</sup> and 18<sup>th</sup>. Meet at the McDonalds at noon on Friday if you have a large amount of stuffs to sell. Other wise, we are at the scone stand, our usual three places.

Our web master was absent so he could not chastise us for no photos. I was just kidding last week but this week I'll really do it.

Good of the order: Saturday I took the Heretic to Sequim along with 27 other cars to look at over a dozen collector cars plus a big collection of various things including a tile from the main ballroom of the Titanic. I got to touch history.

The 50/50 seven bucks was won by Tracy who did really did buy one ticket. Wow, college is almost paid for.

Hope to see everyone next month. Harry

We never really grow up. We only learn how to act in public.

Web site repeat: The web site is complete and is back at our regular address. <http://pugetsoundlimiteds.com/>

**Most people don't know that back in 1912, Hellmann's mayonnaise was manufactured in England.**

**In fact, the Titanic was carrying 12,000 jars of the condiment scheduled for delivery in Vera Cruz, Mexico, which was to be the next port of call for the great ship after its stop in New York.**

**This would have been the largest single shipment of mayonnaise ever delivered to Mexico.**

**But as we know, the great ship did not make it to New York. The ship hit an iceberg and sank, and the cargo was forever lost.**

**The people of Mexico, who were crazy about mayonnaise, and were eagerly awaiting its delivery, were disconsolate at the loss. Their anguish was so great, that they declared a National Day of Mourning, which they still observe to this day.**

**The National Day of Mourning occurs each year on May 5th and is known, of course, as *Sinko de Mayo.***
