June of Twenty Fourteen News Stuffs

I don't want to say it was a wet May but even this Amphacar was headed for Arizona last week. However, this week has been wonderful, even the weekend shows were dry.

Attending and wearing dry and springie lookin' clothes were mine self, Bill and Judy, Louie Solomente, Wayne and Ann, Ralph, Christina and Lacy, Greg and Gail, Phil, and Troy and Angela.

The Treasurer reported 48 clams to deposit as soon as his back recovers from excess supervising at home. While we are on the R & R group ('recked and ravaged), this week it includes Terry who went back to the hospital, Wayne (looking good) who is waiting for a bit more healing before getting a couple of chemo shots, and Louie, who's back is doing well enough for him to be crawl around inside a glove box he was installing tuck and roll in.

Web Site Stuffs: Troy reported that the Sec. has his own page for all his money wasters. You too can have a page if you would get off your lazy okole and send him some photos. Note how smug one can be when after only 4 months his photos get sent in.

Someone noted that the Early Ford Club is getting tired of doing the Spring Monroe swap meet. Pass on anything you hear about this.

Chuckanut Pig Out was a gastronomical success. They offer and serve more food than you can possible eat although some members did try to test the limits.

NEW Pig Out: This month on June 22nd at 5pm it will be at Diamond Knot Brew Pub in Mount Lake Terrace. Address is 5602 232nd SW, phone 425-355-4488

Good of the Order Stuffs: Bill Smith of Speedway just died. His was one of the oldest speed equipment catalogs around. It was Gail's B-Day but she declined dessert as she was still full from the Chuckanut Drive breakfast. On the 24th of Aug the Nile show will go on, probably NO lunch though. And last, the 50/50 was won by Phil who will buy a new chrome plated carburetor doily for his Chevy, from Speedway, of course.

And very lastly, guess who the beautiful people are and win a trip to Concrete for 1 month. Guess wrong and its 3 months.
