## June of Twenty Seventeen News Stuffs

Wayne was in charge. So much so that Greg willed him an official gavel. Like that was going to shut us up....

Greg then gave us the club treasury report from 2007 to present. There was plus \$104 for something I didn't write down. 25 bucks from our newest member, Scott (I know, I don't believe it either) and 66 Yankee dollars paid out to Troy for web work so he can finish his truck.

Old Stuffs: First, do we change the meeting date as it's close to July 4th. NO! OK, that was easy. Then Monroe swap meet. For a change Greg made more than he spent. A bad omen. Same with Wayne who sold his lathe. Someone please remind me to take it off the list when I get to page two.

New Stuffs: We will pay Bill for one stall at the Fall Swap meet. The new Pig Out will be **Sunday, June 25<sup>th</sup> at Grinders on 19811 Aurora Ave N** across for Costco at 5PM.

A new Harbor Freight will be built in Monroe. Poor Linda, just when she had the budget balanced, Jerry is off "saving money" on stuff.

The "RT66 or Harry and Mary's tour of SW repair shops" report: A few minor problems. Well, ok, a lot of minor problems and one major problem (broken coilover). Not to mention the wind storm, the sand storm, the rain, the heat and two snow storms. What was that about the AZ warmth? 4750 miles without any problems would be boring now, wouldn't it? Uh, wouldn't it, Mary? One dissenting vote, it seems. 800 cars in Kingman for the car show. At the end of one very crooked section of RT66 they held the trophy awards. Club participation went to a Mustang club with two dozen members in attendance. Home of their club, France. They got a standing ovation. Then off to see the girl in a flatbed Ford in Winslow and a left turn to the north for a half dozen National parks and back along "the loneliest road in America", Hwy 50. It was lonely while we waited for a someone to come by with a cell phone that worked out in the middle of the desert. And guess who came by? A girl in a flatbed Ford. AAA was soon to our rescue and after only one night sleeping in the repair shop parking lot, we were on our way West again. Three weeks and we met some very interesting people which is the reason I travel. Now to build a better road car and do it again. Mary, please put down that hammer.

Linda won the 50/50 to help offset the new Harbor Freight.

The day the world runs out of wine is too terrible to think about.
