## September 2019

Many thanks to Ann for standing (sitting?) in for me. The following is as new to me as it is to you, unless you were there of course. Enjoy!

Call to Order by Bill Baker, head gear head

One guest introduced, Debbie's brother Mike.

Attendance

Bill Baker, Judy stayed home

Bill Costello, Andi is out of town (ed: you should have called, Bill. I know two damsels in distress)

Dave Snow

Jim Eck

Debbie and Todd

Greg got bit by an angry pry bar and had to have 2 stiches to repair the damage.

Linda Bergan had a case of the heart flutters and spent a couple of days in the hospital. She got the Doc's approval and they are now on a little road trip.

Old Business

Swap Meet: It's the second Sunday in October. With no Linda, we had no news about it.

Pig Out: Participated in Wayne's 75th Birthday Party. It was a big bash with hot rods parked on the lawn and 13 club members in attendance.

Lots of food. (Ed: don't forget the cake and ice cream.)

New Business: didn't seem to be any.

Wayne won the 50/50. Happy Birthday Wayne!

Note, Comet Cyclone should be removed from classifieds. (ed: done)

And that's all the news that's fit to print. Harry

Like it says on the back of Dave's truck, "You can't fix stupid".

#### **From the ongoing saga of Pooh Bear, the bear of very little brain....**

First little problem to arise is that idiot I hired to drive Ms Daisy down here to California. He is dumber than my mechanic. #2 is the gps lady and while I have nothing against mechanical ladies or inflatable ones for that matter, both of us will kill her if we get the chance. She sent us down 40 miles of bad road that my idiot driver followed. Somewhere while bouncing along the 4 miles in and 4 miles out the back brake line broke. We finally got back to the correct park and wiped out a fresh bottle of wine, named appropriately Happy Camper. So in beautiful downtown Crescent City we waited out the day and night in Les Schwab' parking lot. A lovely 18 wheel serenade from Hwy 101 only 10 feet behind us intertwined with the bass from the unloading and parking of wrecked cars next door was only slightly minimized in quality by the professional vibrato of the town drunk. If the car and trailer arrive home without me DO NOT call the constabulary. Any court would declare it a justifiable homicide... Your mate (in case I don't return) h
