## Oct 2021

Meeting called to order by Prez. Bill. The attending audience embraced the following PSL persons: self (that's me), Bill and Judy, Bill número dos, Wayne, and Phil.

Reports Dept: The rumor that Greg took all the club's money and ran off to beautiful downtown Concrete is apparently untrue as he reported in and has put 50/50's in the till worth 53 bucks. Wayne's Willy was seen out on the street (probably a law against that) and behind the wheel was a very bundled up club member (no windscreen, no law against that) with a very, very big smile. Congratulations, Wayne.

Under the Weather Dept: Judy pulled a ham string and Dave Nordeen is set for surgery Nov 16<sup>th</sup>. Best of British luck to both of them.

Antediluvian Stuffs: SEMA. Tod and Debbie are there and "having fun". Can hardly wait for a report next month. Last email from Jerry and Linda had them in Carolina with their goods and truck soon behind.

Contemporary Stuffs: The attending members voted to not have a Christmas party this year. Instead, we will have our regular meeting that perhaps we can spruce up with an assortment of holiday adornment and embellishment. Bill and Judy will organize a run to Draeger's up in Burlington in the Spring. Amazing place. The dad collects memorabilia by the boatload, plus the place is chock full of cars for sale. Don't miss it.

50/50 was taken home by Bill número deux. Be sure to mention this windfall, 8 big ones, to the CEO, Billy.

If you were fortunate enough to join us at either Louie's funeral or celebration of life, you were lucky people. You got an insight into a man who was very special, more so than most of us realized. I was very happy to have known him. His daughters did him proud in the sendoff to their "daddy".

Fa'a ito ito, ta'u hoa. Go with courage, my friend.

You're never too old to learn something stupid.
